RELEASED ON BAIL.

Coroner's Verdict Did Not Implicate Cowell in the Burning to Death of White.

HE WAS LET GO ON A \$5,000 BOND

About 2,000 Persons Gathered in Front of Wilmington City Hall and Made a Demonstration.

The Police Authorities Took Every Precaution to Prevent An Attempt to Rescue the Prisoner, An Indiana Man, By the Crowd.

Wilmington, Del., June 25.—Arthur Corwell, of Hartford City, Ind., who was arrested Tuesday night on a charge of complicity in the burning to death of George White, a Negro, charged with assault on Helen Bishop, was released on \$5,000 bail Wednesday night. He will be given a further hearing Thursday.

About 2,000 persons gathered Wednesday night in front of city hall, where Corwell was confined, and made a demonstration. The police authorities took every precaution to prevent an attempt at rescuing the prisoner by the crowd. There were loud cries for the release of Corwell to which the police paid no attention.

A coroner's inquest over the burned Negro was concluded Wednesday night and when word reached the police station that the verdict did not implicate Corwell, the police decided to release him on \$5,000 bail. This was promptly furnished by Thomas McHugh, wholesale liquor dealer. Word of this action soon reached the crowd and a great cheer went up, after which the people dispersed.

Coroner McCormick held two sessions in the inquest on the remains of White Wednesday, the first session bringing to light a difference of opinion between the coroner and his deputy, John B. Kilmer, which resulted in an open clash. Kilmer thought that Attorney General H. H. Ward should have selected the jury, while the coroner maintained that the attorney general had no authority in the matter. The coroner carried out his plan.

When the inquest began the remains of White could not be found and after a long search they were found wrapped in paper in an icebox. White weighed about 200 pounds, but only five pounds of flesh and bones were left of him after the lynchers had finished their work.

No witnesses were present and the inquest was adjourned.

Later on the coroner again summoned the jury and the inquest was held Wednesday night. Thomas Leach, a farmer, and William Carter, a newspaper reporter, were the witnesses, and both testified to the finding of the small portion of the remains of the victim of the mob. Some further testimony was offered after which the jury brought in the following verdict: "Resolved, That George White came to his death between the hours of 10 p. m. of June 22, 1903, and 4 a. m. of June 23, 1903, by being burned in a field adjoining the road from Price's Corner to the Ferris industrial school, by a party or parties unknown to this jury."

The belief is growing that no one will ever be punished for the work of the mob. Certain prominent citizens, although they deplore the occurrence, stand ready to raise a fund for the defense and any one who should be prosecuted for the offense. Wednesday night's demonstration indicates that popular feeling is against any further action on the part of the police.

Peter Smith, the boy who was shot while the mob was in the workhouse on Monday night, died Wednesday afternoon as a result of his wound.

SCENES OF LAWLESSNESS.

A Race War is on at Wilmington, Del., and Several Were Injured.

Wilmington, Del., June 25.—After the crowd at the city hall dispersed Wednesday night scenes of lawlessness were enacted in different parts of Wilmington, especially in the colored settlements. The entire police force was kept busy putting down disorder. In the section known as "White Chapel" a Negro assaulted a white man and several whites came to the rescue. This brought reinforcements to the Negroes and a general fight was started. The Negroes outnumbered the whites, who were receiving the worst of it when a squad of police arrived. Pistols were fired and the Negroes retired within the houses. Participants on both sides received cut heads, but beyond this it is not thought any one was injured.

While this was going on about 75 men gathered in front of houses occupied by Negroes in Orange street, hom-

barded them with bricks and other missiles. The police also quelled this disturbance.

Near the police station a Negro was beset by a gang of whites and sought refuge in the station. Another white man snatched a purse from a colored woman, on one of the principal streets. She screamed and the white man was pursued. He dropped the pocketbook and escaped the wrath of a crowd of Negroes.

RIOTS IN RICHMOND

Six Men Were Wounded, Two Seriously, by the Street Railway Company Guards.

FIRE INTO A CROWD OF STRIKERS

Efforts Are Being Made to Operate Street Cars Under the Protection of the Militia.

All Sorts of Missiles Were Hurlled at the Cars and Obstructions Were Placed on the Track By Strike Sympathizers.

Richmond, Va., June 25.—Six men were wounded Wednesday night, two of them seriously, by street railway company guards who fired into a crowd of strike sympathizers at Main and Lombardy streets, just outside the city limits.

A car guarded by employees of the company, armed with shotguns, was standing at that point. There had been a big crowd there all the evening. The company claims that the guards were first fired on. At any rate they fired into the crowd and two of them seriously hurt, being peppered in the back with buckshot.

While this was taking place in the west end exciting scenes were enacted in the east end, where efforts were made to operate cars under the protection of the military. All sorts of missiles were hurled at the cars and obstructions placed on the track. Finally the cars, under the pilotage of a detachment of the Richmond Howitzers, with a Gatling gun, were taken to the barns. All cars were withdrawn from the streets at 9:45 p. m. for the night.

Five companies of the 71st regiment from Norfolk and Newport News are en route to this city to reinforce the troops already here and are expected to arrive early Thursday morning. The mayor has issued an address asking women and children to keep off the streets Thursday. It is proposed in the event that the military are unable at that time to cope with the mob to order out the fire department and have streams from the hose play upon disorderly gatherings.

Three of the militiamen were wounded Wednesday by the accidental discharge of a rifle. One of them was taken to a hospital but is not dangerously injured.

At 10 o'clock Wednesday night Sheriff Solomons, of Henrich county, decided to ask for troops. He made the request and the governor issued orders to the military authorities accordingly. Militia will therefore guard the cars and car barns and patrol the lines of the street car company Thursday without as well as within the city limits.

PROPAGATING SILK WORMS.

The Experiments By the Government Proceeds Very Satisfactorily.

Washington, June 25.—Secretary of Agriculture Wilson Wednesday announced that the government's experiments with the propagation of the silk worm had proceeded so satisfactorily that within a few days the department would begin the actual reeling of silk. With a view of increasing the interest in this industry, the department has encouraged in every way possible the growing of white mulberry trees which investigation has shown develop worms which make beautiful cocoons. The experiments with the osage orange were unsatisfactory.

ALFRED R. JOHNSON DEAD.

Died Shortly After Hearing of the Demise of Maj. James P. Pond.

Kansas City, Mo., June 25.—Alfred R. Johnson, formerly of Akron, O., died Wednesday a few hours after hearing of the death of his brother-in-law, Maj. James P. Pond, of Jersey City. The men had been lifelong friends. Mr. Johnson was organizer of Kansas City Typographical union and was prominent in labor union work.

Rain and Hail in Kansas.

Phillipsburg, Kan., June 25.—A rain and hail storm prevailed Wednesday. An inch of rain fell over a strip of country three miles wide, causing damage by hail, wheat being pounded to the ground. Hail drifted in the streets six inches deep.

Firemen Quit Work.

Glen Falls, N. Y., June 25.—The firemen employed at the International Paper Co.'s mills, at Fort Edwards, quit Wednesday. This, in addition to the strike of unskilled laborers, compelled the closing down of the entire plant.

Allegheny City, Pa., June 25.—A quarrel over a game of cards at Courtney may cost the lives of Mr. and Mrs. Joseph Bruno and Mrs. Rosario Roano.

CONGRESSMAN KEHOE.

Visits Government Officials in Regard to Commencing Work on Ice Pier—Talks on Political Outlook.

[Enquirer, June 24th.]

Hon. James N. Kehoe, of Maysville, Congressman from the Ninth district, is at the Gibson, accompanied by his wife, two daughters and two sons.

"I am here to confer with Colonel Lydecker and Major Ruffner, the government engineers, concerning the improvement of the Big Sandy river and the commencement of the construction of the ice pier at Maysville, for which I secured an appropriation of \$20,000 at the last session of Congress. Work is under way on two locks on the Big Sandy river, between Louisa and the confluence with the Ohio, and I want to urge the engineers to locate the sites for two on the forks above Louisa, one on the Tug river and the other on the Louisa, this summer, for which appropriations have been made.

"We members from throughout the Ohio valley and its tributaries intend to put in our best efforts during the next session of Congress for sufficient appropriations to put the thorough improvement of the Ohio river under speedy headway, for there is no use of improving the tributaries and then land on a sandbar outside. There is nothing that would contribute to the progress and permanent prosperity of Cincinnati as the improvement of the Ohio river, and we will have the hearty co-operation of the best business men of the city in presentation before Congress.

"The Democrats of our State seem to be in good shape since the primary, and I am confident that we will win handily in November by a handsome majority. As to a Presidential candidate, our Democrats are not decided, but they want a winner—a man upon whom they can all unite. It is my impression that Senator Gorman is our best chance. If elected he would serve his party and his country well, for he is ripe in wisdom and experience, and knows how to handle men gracefully, in which President Cleveland was much lacking. Judge Parker is a negative quantity, unknown to the people, and if elected would feel, perhaps, that he was under no special obligations to anybody, whereas Gorman would keep up the organization of the party and give the country a practical, conservative, safe, business administration. I believe that Gorman would be as strong in New York as Parker or any other man we could nominate.

"There will be a bulk of work before us at the next session of Congress, besides the investigation of the big scandals that seem to permeate the departments. I don't think Roosevelt is strong with the masses of the people East, and believe he is our easiest man to beat. If we can't defeat him we cannot defeat anybody. The Republicans up our way are wild for Augustus E. Willson for the gubernatorial nomination. He was born in our city, Maysville."

THE CROP OUTLOOK.

Wheat About Half the Average in Kentucky. Tobacco Looks Well—Corn in Good Condition.

[Weekly Bulletin of Weather Bureau.]

The temperature was a little below the normal during the week and only light local showers occurred. The conditions were extremely favorable for the wheat harvest and hay cutting, also for cultivating corn, tobacco and other crops.

The wheat is about all in the shock in the western section and the cutting is well advanced in the central and eastern sections. With the exception of a few localities, it will be a very light yield, probably averaging about half a crop. Corn has not made rapid growth, owing to the cool nights, but it is in good condition and free from weeds. Tobacco in most localities has made a good start and looks well. Oats have headed low and will be a light crop. Haymaking has progressed well. There will be a fair crop in the western section, but in the central and eastern sections it will be light. Clover is generally reported to be a good crop.

New potatoes are plentiful and gardens are in good condition. Hemp is doing fairly well.

Apples continue promising and berries are abundant.

Rain would be beneficial in nearly all parts of the State.

Chicago, June 25.—Albert Sontag and wife of Steger, Ill., died from the effects of Paris green poisoning. The police are unable to determine whether they committed suicide or came to their death by foul means.

POSTAL SCANDALS

Four Indictments Returned by Federal Grand Jury Against Former Congressman Driggs.

GAVE BAIL FOR HIS APPEARANCE.

Charged With Unlawfully Receiving a Check For Procuring Contract From U. S. Government.

Mr. Driggs Pleaded Not Guilty to Two Indictments, Reserving the Right to Plead to the Others Later On.

New York, June 25.—Former Congressman Driggs was indicted by the federal grand jury in Brooklyn Wednesday. He appeared before Judge Thomas and gave bail. The indictment grew out of the investigation into post office affairs made by the grand jury.

Four indictments were found, all practically alike. Each charges that Driggs, between July 20 and 24, 1900, unlawfully agreed to receive and did receive a \$500 check from the Brandt-Dent Co. for procuring and delivering a contract from the United States government for making and delivering 250 automatic cashiers for the post office department. To the first two indictments Mr. Driggs pleaded not guilty, reserving the right to plead later to the others, which contain 16 counts each, after his lawyer had read them.

Mr. Driggs refused absolutely to comment on his indictment. He has previously admitted, however, receiving a salary of \$12,500 from the Brandt-Dent Co. for introducing its machines, but claimed that the work he did for the company was done before he was sworn in as congressman, but after his election, and declaring that he had done nothing to which the government could object.

The indictments were found under Sections 171 and 172 of the revised statutes of the United States, which provide for the punishment of any person "receiving emolument while in the employ of the government."

Mr. Driggs was before the grand jury Wednesday preceding the finding of the indictment.

THE NEW COMET.

The One Discovered By Borely Observed By Prof. Wm. A. Brooks.

Geneva, N. Y., June 25.—Dr. William A. Brooks, director of Smith observatory and professor of astronomy at Hobart college, Wednesday morning observed the new comet discovered by Borely. Its position was: Right ascension 21 hours 51 minutes 10 seconds; declination south 6 degrees 15 minutes. The comet is moving about three-quarters of a degree daily in a northerly direction. It is now in Aquarius and approaching the head of Pegasus.

AMERICAN REPUBLIC.

Cuba Makes a Contribution For a Home For the Bureau.

Washington, June 25.—The youngest member of the union of American republics has come forward with the first contribution toward the fund of \$125,000 required to provide a new home for the bureau in this city. The contribution is \$1,500 cash, the full amount of Cuba's quota, and Director Rockhill is looking forward to similar prompt action on the part of the other South and Central American countries.

EMPEROR WILLIAM AT KIEL.

He Received Rr. Adm. Cotton on Board the Hohenzollern.

Kiel, June 25.—Emperor William arrived here at 6 o'clock Wednesday evening on board his yacht Hohenzollern, which was flying the American flag at its bow. The emperor stood on deck, saluting as he passed the American warships. After the Hohenzollern had taken up its moorings in front of the yacht club house. His majesty received Rr. Adm. Cotton.

Informal Dinner at the White House.

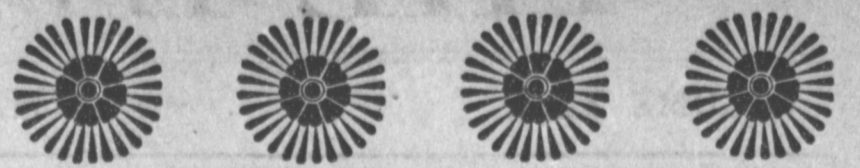

Washington, June 25.—President Roosevelt entertained at an informal dinner Wednesday night the secretary of state and Mrs. Hay, the French ambassador and Mme. Jusserand and Benjamin Ide Wheeler, president of the University of California.

Sofia, June 25.—The Turks have seized the village of Sultantip, which commands the road to Sofia, with four battalions and 30 guns. The Bulgarian government will ask the porte for an explanation.

New Modified Gold Standard.

Mexico City, June 25.—It is believed in well informed circles here that the adoption of a new modified gold standard with a peso valued at 50 cents will be made by January 1 next year.

A Friday Tid-Bit

In this remarkable sale while good things are presented in battallions, we always have reserves to strengthen the charge from day to day. We give ample notice of this, that out-of town frienes may share equally with Maysville buyers.

It's Napkins!

And not on sale until Friday morning at half-past eight. If we could put the Napkins in this ad. so you could see their value, we couldn't supply a fraction of the women who would come for them. "How much" you ask? \$1.25 a dozen. "But I've bought Napkins that cheap and cheaper, unnumbered times," your answer. Come, see these Napkins—examine, compare scrutinize with your best linen knowledge, then if you don't pronounce them the most remarkable values ever seen, they're yours for nothing. Not put up in the regular way—each

Napkin is separate, with two patterns to the dozen. German linen, bleached, two selvage edges, 22 inches square. These details may give a faint idea of what they represent, but you must see to really believe twelve such Napkins can be bought for a dollar and a quarter.

Women's Walking Skirts

Just clearing the ankle—hence long enough to make graceful lines possible. All women need them, and wear them, and if they are not possessors they want to be. Long skirts too, if you prefer them, and both sorts at marked reductions. To buy such handsome, stylish,

new Walking Skirts at a saving of more than one-third, just at this time, is like finding so much money. You can do that now, thanks to this offering of

\$5.50 SKIRTS for \$3.90.

There are a few, about one dozen \$6.50 Skirts in the lot. Of course these skirts are thoroughly stylish—smart and new. Satisfying garments suitable to wear with any shirt waist. In blacks, grays, blues, browns. Kerseys and cheviots, trimmed in stylish pleats, handsome cording or smart stitching. And the broad selection

adds much to the real economy of the price.

Shirt Waist Sets.

Every one in the house at half price. Pearl, copper, enamel, oxydized, hardly a sort missing. Some sets come three, some four, a number have belt pins. You can have a set to match every waist when the cost is so marvelously small. We know such price clipping taxes your credulity, but we're not propounding problems in abstract science, we're dealing the obvious. You can readily prove our every statement. Apply the test to these 50c. sets 25c; 25c. sets 15c.

Mohairs.

Two chapters in this story and you can determine for yourself which is the better. We can't. We are bending every point toward dispersing the remainder of our dress goods and low price—for quality—is the lever.

White Mohair showered with small black polka dots, 27 inches wide, 39c formerly 59c. Cheap as cotton and far more elegant.

42-inch White Mohair with surface figured in white silk and striped at intervals with black etamine. \$1 was \$1.25.

The beauty of Mason County and Kentucky was its forests of oak, ash, walnut and elm, but how few of these giants remain for the coming generation to admire!

The Flemingsburg Times-Democrat makes this timely suggestion:

There is urgent need for a more stringent law in regard to burglarious assaults in the night. They should be made capital offenses punishable by death, whether the death of the victim results or not. Such scoundrels as those like Whitney and O'Brien, at Lexington, need hanging for the protection of quiet citizens who are supposed to have a few dollars about their houses. The reason for the mob forming at Maysville last week was that the punishment provided for the offense was inadequate to the crime. The jury named above is a good one so far as we know, and will doubtless give the prisoner the full extent of the law for his crime.

"Nothing New Under the Sun."

In 1852 in Pettis, Missouri, a negro was burned to death at the stake for the murder, with circumstances of horrible atrocity, of a Mrs. Rains. The negro was the slave of a man by the name of France, and at a meeting of the citizens the master was given warning to leave the county in ten and the State in thirty days, for the reason of, besides many other outrages, having corrupted his negroes by unchaste conversation and thus tempting them to the commission of such crimes.

Mason County farmers should save samples of wheat for exhibit at the World's Fair next year. It requires five bundles for a sample.

Tribe of Red Men to be Organized at Orangeburg.

There will be a tribe of Red Men organized at Orangeburg next Saturday. The project has great promise of success and deservedly so, as there is no lodge of any kind there. Orangeburg Tribe, I. O. R. M., will be composed of the leading citizens of that end of Mason and the west end of Lewis counties, and will undoubtedly prove to be a very popular affair, fraternally and socially. A party of Red Men from Maysville, composed of W. C. Pelham, Past Great Sachem of the State, W. C. Wormald, Chief of Records of Wyandotte Tribe, Prof. C. E. Turnipseed, County Clerk Clarence L. Wood and others will arrive at the 'Burg about 4 o'clock and a meeting will be called to organize the tribe. Speeches will be made illustrative of the order. Everybody invited to attend.

Messrs. J. N. Kirk and E. H. Bryant sold the Standard Oil Company a pair of mules Wednesday for \$400. Mr. Bryant and Mr. L. T. Anderson, Jr., sold a pair of mules to a Lewis County party for \$310.

R. E. Mead, a veteran at the Confederate Home, died this week, aged seventy-three years. It was the fourteenth death at the institution. Mr. Mead served in Morgan's command during the Civil War. His home was at Carrollton.

One of the best things uttered in America lately was by a Missouri editor in addressing his Sunday school class, the largest in the State. He said: "Fame has taken men from the forge, the plow and the carpenter's bench, but she was never known to reach over a picket fence and snatch a dude out of a hammock as he lay there smoking a cigarette."

The work of the State Board of Equalization for the year has been completed and shows that the amount of taxes to be collected for this year for State and county purposes is \$3,109,699.82. The taxes to be collected are due on an equalized valuation by the State board of \$621,939,964. The total assessed valuation is \$616,082,583, showing a raise by the board of \$5,857,381. The State board found it necessary to raise the local assessment in only thirty-nine of the 119 counties of the State.

Raise the Standard of the Voting Constituency.

It is objected by many that woman suffrage would only double the ignorant vote without in the least raising the standard of the voting constituency. Statistics published by the National Bureau of Education show that the public high schools of every State in the union are graduating more girls than boys—some of them twice or three times as many.

In the whole United States the public high schools in 1899 graduated 29,944 boys and 36,124 girls. In 1898 the whole number of boys in attendance at public high schools was 189,187; of girls, 269,413.

Instead of adding to the power of the ignorant vote, it is clear that equal suffrage would increase the proportion of intelligent voters.

When we take into consideration that 95 per cent. of the criminals confined in our jails and penitentiaries are men, it is difficult to understand by what method of reasoning the opponents base their claim that equal suffrage would only double the bad and ignorant vote.

It is generally conceded that legislation is looked after along the lines in which the constituents of the law-makers are interested. If women are more interested along educational and moral lines than men it is reasonable to suppose that their influence would be felt along those lines in governmental affairs. Is there any one who would claim that these two elements are not needed in the voting constituency of this country? E. M. B.

THE BEE HIVE

IS IT LUCK?

That this store is the most progressive store in Maysville? That this store is doing the largest business in Maysville? That this store is doing the best business in Maysville? That the quickest and best service can be had here? IS IT LUCK that the most reliable goods are sold in this store? IS IT LUCK that this is your trading place?

IS IT LUCK

That the Black Cat Garter doesn't tear the stockings? Or is it luck that we are the only house in Maysville that sells it? Price 10c, 25c. and 50c.

IS IT LUCK

That we have all sizes in black and white double-tip Silk Gloves when most all the stores in the country are short on same? Prices 50c. and 75c.

IS IT LUCK

That Maysville has one store that's not an auction shop? Goods here are marked what they are worth, not what they will bring. That's not luck—that's "us."

IS IT LUCK

That the Queen Quality shoe factory is the largest of its kind in the world, that the Queen Quality Shoe and Oxford are the best in the world? IS IT LUCK that the Queen Quality company waited for us one year to handle their line when other stores were writing for same? IS IT LUCK that a shoe factory in Boston could know that WE WERE THE BEST STORE in Maysville and not have been here?

WHAT IS LUCK?

That Maysville has a store like MERZ BROS., and that they sell Queen Quality Oxfords \$2.50 and \$3, Boots \$3 and \$3.50. THAT'S LUCK.

IN CONSTANT MISERY.

Relief Comes at Last to a Maysville Citizen.

After years and years of constant misery from backache and the many annoying complications that accompany sick kidneys, a citizen of Maysville finds relief and cure. The public statement which follows will help many a reader. Mr. J. B. Roper, proprietor of the inn and restaurant, 125 Market street, says: "Doan's Kidney Pills which I procured at J. Jas. Wood & Son's drug store, corner of West Second and Market streets, do all that is claimed for them and do it promptly and thoroughly. From personal knowledge I cheerfully testify to their value and effectiveness."

The rise at Pittsburg amounted to only about ten feet instead of twenty, but it was sufficient to let out all the coal fleet. The shipment amounts to about 10,000,000 bushels. It is estimated the flagship of the fleet is at least fifty miles ahead of the last boat out, forming a procession some fifty miles long. The fleet ought to reach here Friday evening or Saturday morning.

J. W. Clinger Awarded a Big Contract.

[Portsmouth Blade.]
The numerous friends of Billy Clinger, the popular brick contractor, will be pleased to learn that he has been doing exceedingly well since locating at Ashland, Ky. A few days ago Mr. Clinger received the bid for the erection of the immense substation which is to be built at Ashland by the Camden Inter-State

Railway Company. Mr. Clinger is an expert in the brick business, as he was almost born with a trowel in his hand. Mr. Clinger's native home is in Maysville, Ky., where his wife and family reside.

ALL KINDS OF

FIRE

With a good Gas Range you can cook your soup over a slow fire, which it needs, and your roast over a quick fire, and both at the same time. How can you do this any other way than with a GAS RANGE?

**Gas Ranges
At Factory Cost Price!**

Never was such another opportunity afforded you to obtain so much value for the same money. During the month of June the Gas Company will, if so desired, make a written agreement with any purchaser of a Gas Range to the effect, that, if on the first day of August, said purchaser shall have become dissatisfied with the use of their Range, either for the reason that it will not do the work as represented, or that it costs too much to operate, then the Gas Company will take back the stove and refund any money paid upon its purchase price. The only thing to prevent you taking advantage of this offer is that the Ranges are sold quicker than they can be connected up, so if you are thinking of buying one, now is the time to decide. Over twenty installed during May and not a single complaint. For further particulars see the Gas Company and sample Ranges at Langfells & Co.'s.
